

Documentation

Main page - I added a description, header, and footer

- Made the page noodle themed in CSS
- **Bootstrap** - I used multiple Bootstrap elements on the main page
 - Carousel - Move through 3 different images
 - Products - Each product card has an image, description, badge from Bootstrap (on some products), and an add to cart button
 - At the top right corner, there is a cart button that opens the next hidden menu. When you add a product to the cart, the number goes up

Cart page -

- **Bootstrap** - Added the offcanvas dropout menu
 - When you click on the icon, it opens the off-canvas menu.
 - The items you add are displayed, and the items get added up in the total (4 items = 20% discount)
 - A checkout button is at the bottom that shows the next hidden menu
 - If there's nothing in the cart, an alert will pop up

Checkout - The checkout button opens a hidden menu

- 3 sections to input info
- 2 payment methods
- Confirmation button - After filling in all the boxes, an alert will pop up thanking the user

Noodle Charity

Noodle now

Weak, imobile, can barely lift a noodley limb

Hello, Welcome to the official noodle charity, please feed the poor starving noodles!

Why should you contribute to our meaningful cause?

Well...there are many reasons why you should consider freeing up some of your wallet and filling up ours!

Reasons:

Your Cart

tomatoe-sauce -\$2.99

parmesan -\$9.99

Total: \$13.63
